

# CLM's 165GP Meets the Challenge

**Replace your  
Challenge equipment:  
Model 165GP  
fits the Challenge  
footprint perfectly:**

## Model 165GP provides technology that no one else offers:

- Unique rotating doors provide the safest environment for linen processing
- Upgraded heat system with improved fuel efficiency, lower emissions and utility savings
- Drive system rollers accessible from front & rear
- Integrate into any automation or data management system
- PLC now prepared for flow process management systems
- Heavy-gauge basket, includes removable steel basket panels
- Auto dry formulas take the guess-workout of cycle termination
- Configurable control/burners and exhaust locations

**Call CLM or your local distributor to replace your Challenge dryers.  
Dealer relationships across N. America provide  
access to local support for CLM customers.**
